An act to add Section 66020 to the Education Code, relating to public postsecondary education.

#### LEGISLATIVE COUNSEL'S DIGEST

AB 37, as amended, Furutani. Public postsecondary education: honorary degrees.

Under existing law, the segments of the public postsecondary education system in the state include the University of California, which is administered by the Regents of the University of California, the California State University, which is administered by the Trustees of the California State University, and the California Community Colleges, which are administered by the Board of Governors of the California Community Colleges. Existing law authorizes these educational institutions to award various types of degrees.

This bill would require the Trustees of the California State University and the Board of Governors of the California Community Colleges, and would request the Regents of the University of California, to confer an honorary degree upon each person, *living or deceased*, who was

~~unable to continue and complete forced to leave his or her postsecondary studies at the public postsecondary educational institution in which that person was enrolled as a result of the issuance of federal Executive Order 9066 on February 19, 1942 which caused the incarceration of individuals of Japanese ancestry during World War II.~~

Vote: majority. Appropriation: no. Fiscal committee: yes.

State-mandated local program: no.
